柳州市智慧城市建设情况介绍

Brief Introduction to Smart City Construction in Liuzhou

柳州市大数据发展局

Big Data Development Bureau of Liuzhou City

目 录 CONTENTS

一 柳州市智慧城市建设基本情况

Brief Introduction to Smart City Construction in Liuzhou

提升政府管理效能
改善民生服务质量
促进经济创新发展

Improves the Efficiency of Government Management
Improves the Quality of Public Services
Promotes Economic Innovation and Development

信息基础设施支撑不断夯实

The support of information infrastructure is constantly consolidated.

推进物联网、移动网络和光纤网络建设

**the Construction of Internet of Things,
Mobile Networks and Optical Fiber Networks**

城区4G网络覆盖率

**Urban 4G Network
Coverage Rate**

98.1%

城区光纤网络覆盖率

**Urban Optical Fiber
Network Coverage Rate**

99.8%

信息基础设施支撑不断夯实

The support of information infrastructure is constantly consolidated.

推进物联网、移动网络和光纤网络建设

the Construction of Internet of Things, Mobile Networks and Optical Fiber Networks

自然村4G网络覆盖率
4G Network Coverage Rate of "Natural Villages"

92%

行政村光宽通达率
Optical Fiber Network Access Rate of "Administrative Villages"

100%

2 信息资源共享框架基本形成

Information Resource Sharing Framework is completed Preliminarily.

数据资源共享开放体系

以基础平台建设为抓手，打造

Builds an Open System to Share Data Resources, by Building a Basic Software Platform.

人口信息库
Population Information Bank

6.6 亿条数据
0.66 Billion pieces of information

2+ 信息资源共享框架基本形成

Information Resource Sharing Framework is completed Preliminarily.

Builds an Open System to Share Data Resources, by Building a Basic Software Platform.

地理空间库
Population Information Bank

502 张专题资源地图
Maps of Thematic Resource

521 项主题资源服务
Services of Thematic Resource

3⁺ 城市治理信息化水平有效提升

Informatization Level of Urban Management Improves Greatly.

智慧交通
Intelligent Transportation

智慧国土
**Intelligent Management of
Land and Resources**

平安城市
**Intelligent Management of
Urban Safety**

⁴⁺ "互联网+"政务服务有序推进

"Internet +" Government Services Improve as Planned.

多部门业务协同
Collaborative System of Multidisciplinary Business

政府网站集约化
Government Website Intensifies

5⁺ 信息惠民服务体系不断完善

The System of Public Services are Improving Constantly.

"一站式" 城市服务平台
One-stop Urban Service App

113 项公共服务
Public Services

5⁺ 信息惠民服务体系不断完善

The System of Public Services are Improving Constantly.

教育文化

Education & Culture

医疗健康

Public Health Services

社会保障

Social Security

……

6 新兴产业创新发展成效显著

Emerging Industries Develop Remarkably.

支持新兴产业发展

Support the Development of Emerging Industries

支持电子商务特色产业发展

Support the Development of Characteristic Industries in Electronic Commerce

二 国际合作基础和具体需求

Foundation and Specific Needs of International Cooperation

顶层设计—**Top-down Design**
城市管理—**Urban Management**
公共服务—**Public Service**
产城融合—**Industry-City Integration**
新一代信息技术应用—
the New Generation of Information Technology Applications

共同开展新型智慧城市顶设研究

Research Top-design of New Smart City Together

共同开展重要领域的规划研究，推动新型智慧城市全面发展。

Research Top-down Design of Key Areas Together

2 共同探索新型智慧城市建设模式

Explore a Model for Constructing New Smart City Together

政府引导，市场主导
Government Guides
Market Leads

创新创业空间、智慧城市展示中心
Innovation and Entrepreneurial Space

**Exhibition Center of Smart City**

3＋ 共同完善新型智慧城市管理体系

Improve the Management of New Smart City Together

**推动智慧城市新一代信息技术应
用、政府管理效能提升、信息惠
民服务体系建设**

Promote the New Generation of Information
Technology Application, the Efficiency of Government
Management and Build the Public Service System.

4 共同推进新型智慧城市产业发展

Promote Industrial Development of New Smart City Together

围绕"产城融合"理念
促进智慧城市产业发展

Around the Idea of Industry-city
Integration, Promote Industrial
Development of New Smart City.

1. 大数据产业园

Industrial Park

2. 工业互联网标识解析

Analysis of Industrial Internet Identity
