

2019 Green Paper on Climate Change

Draft Contents

I General Report

	Recommended Topics
G.1	G.1 Global Climate Risks and China's Prevention Strategy

II Special Evaluation Report

	Recommended Topics
G.2	Evaluation on China's Low Carbon City Development 2017

III Global Progress in Countering Climate Change

	Recommended Topics
G.3	Changes of and Challenges Faced by the Global Climate Governance System
G.4	Comparative Study on Long-Term Low-Emission Strategies of Major Countries
G.IUC	EU's Action to Climate Change: Mechanism, Methodology and Approaches

G.5	Study on the International Negotiation of Climate Change Risks and Adaptation Strategies
G.6	Analysis of INDC (Intended Nationally Determined Contributions) Rules and their Influence on China
G.7	Increasing Information Transparency to Reduce Decision-Making Risks of Climate Change
G.8	Building Global Carbon Market and its Risks
G.9	The UN Security Council's Issue of Climate Security and its Potential Risks
G.10	Risks for Global Climate Governance Due to Policy Changes in Major Countries: A Case Study on Brazil

IV Domestic Actions on Climate Change

	Recommended Topics
G.11	Progress of China's Carbon Market: Company Verification and Carbon Trading Regulations
G.12	Peaking Cities
G.13	The Development and Influence of China's New Energy Vehicle Incentives
G.14	Pilot Cities for Climate Adaptation: A Case Study on Zhuhai
G.15	The Status Quo and Problems of and Suggestions for China's Climate Insurance
G.16	Climate Change Risks and Countermeasures in the Qinghai Province
G.17	Study on Climate Disaster and its Risks in the Guangdong-Hong Kong-Macau Greater Bay Area

G.18	Impacts of Climate Change on Wildfire Prevention
------	--

V Special Reports

	Recommended Topics
G.19	Study on “Nature-Based Solutions” Proposed in the Climate Action Summit 2019
G.20	Impacts of Climate Change on Health and Countermeasures
G.21	Carbon Management in Winter Olympics
G.22	Development and Impact Review on the IPCC Methodological Guidelines for National Greenhouse Gas Inventories
G.23	Analysis on the IPCC Climate Change and Ocean Report
G.24	Analysis on the IPCC Climate Change and Land Report
G.25	Pilot Cities for Climate Adaptation: A Case Study on Beijing
G.IUC	Resilient Cities to Climate Change: Case City in EU

VI Appendix

	Recommended Topics
G.26	Economic, Energy and Carbon Emission Statistics of China and the World

G.27	Global Climate Disaster Statistics
G.28	China's Climate Disaster Statistics
G.29	Climate Disaster Statistics in the Belt and Road Regions
G.30	Abbreviations
