Métropole Nice Côte d'Azur
Innovation is a Nice Experience

International Urban Cooperation - Asia

Camille TORRENTI

EU Project Officer - Europe and External Funding Department
Métropole Nice Côte d'Azur, France
camille.torrenti@nicecotedazur.org

Nice Métropole « a little France », a gateway to southern Europe

- **1,400 Km²**
- **540,000 inhabitants**
 - **102 nationalities**
 - **228.000 jobs**
 - **41.000 students**
- **49 cities and villages**
 - **from 80 to 350,000 inhabitants**
 - **7 ports**
 - **6 ski resorts**
- **Eco-Vallée national interest project**
 - **Urban development model**
 - **10,000 inhabitants**
 - **Living lab of the smart city**

A very nice place but...
We face also many challenges...

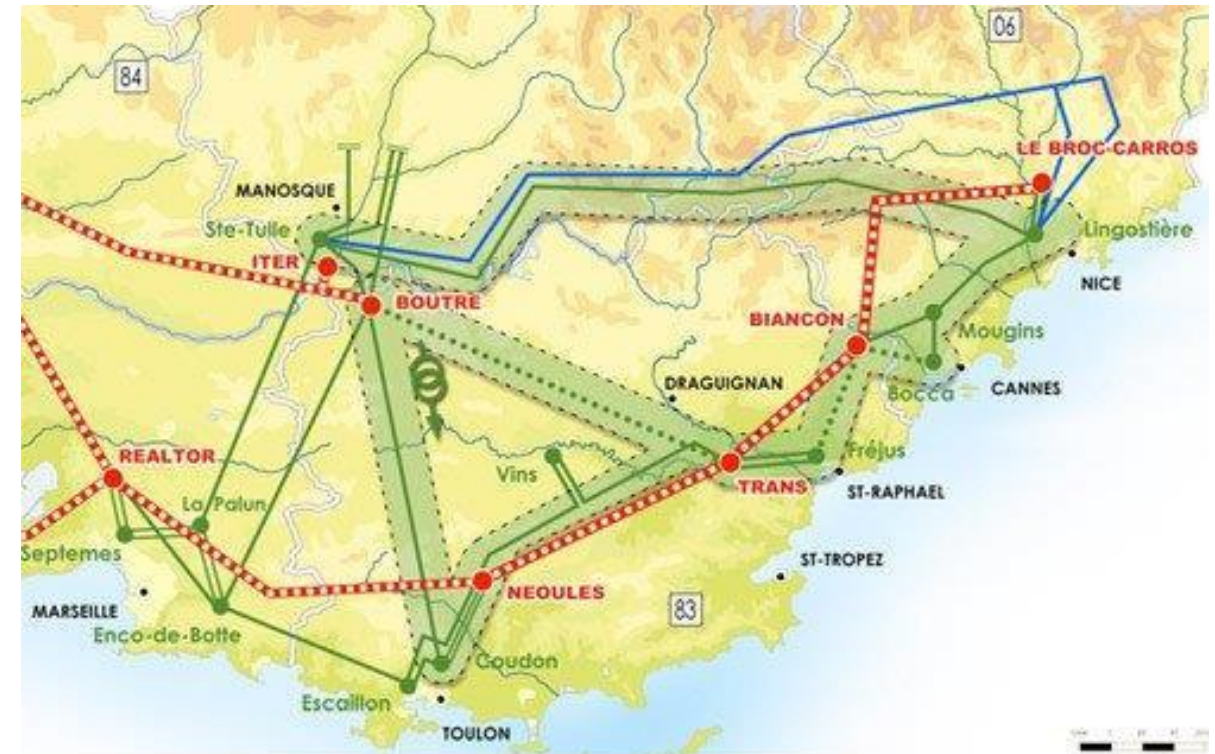

We suffer from being an energy peninsula

« Our Citizens driving change...as co-participants and consumeractors »

Nice Smart Valley engaging **over 30 000 citizens on energy flexibility !**

Pioneers in **Smart Grids**

Circuit à : — 400 000 volts — 225 000 volts — 150 000 volts

Liaison à : 225 000 volts à créer

We face all kinds of natural disasters and manmade problems also

- Our territory is prone to all manner of natural disasters
- On the 14th of July 2016, Nice was hit by its worst terrorist attack yet.
- **We have succeeded in creating resilient citizens, co-producers of their security.**

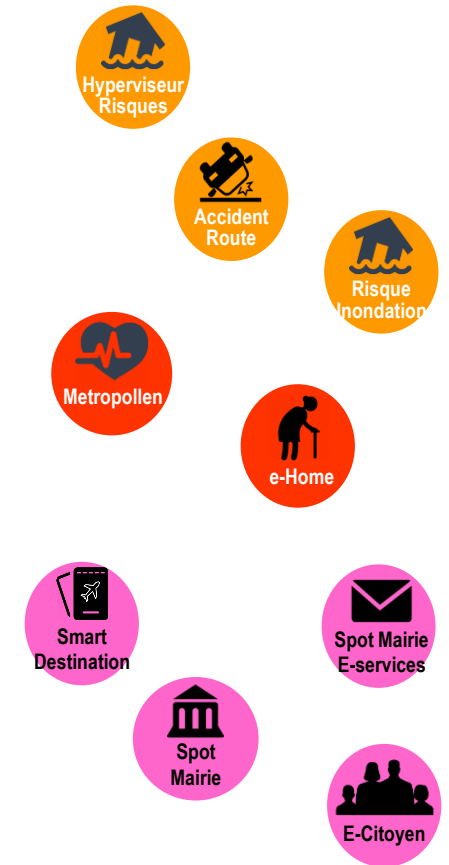

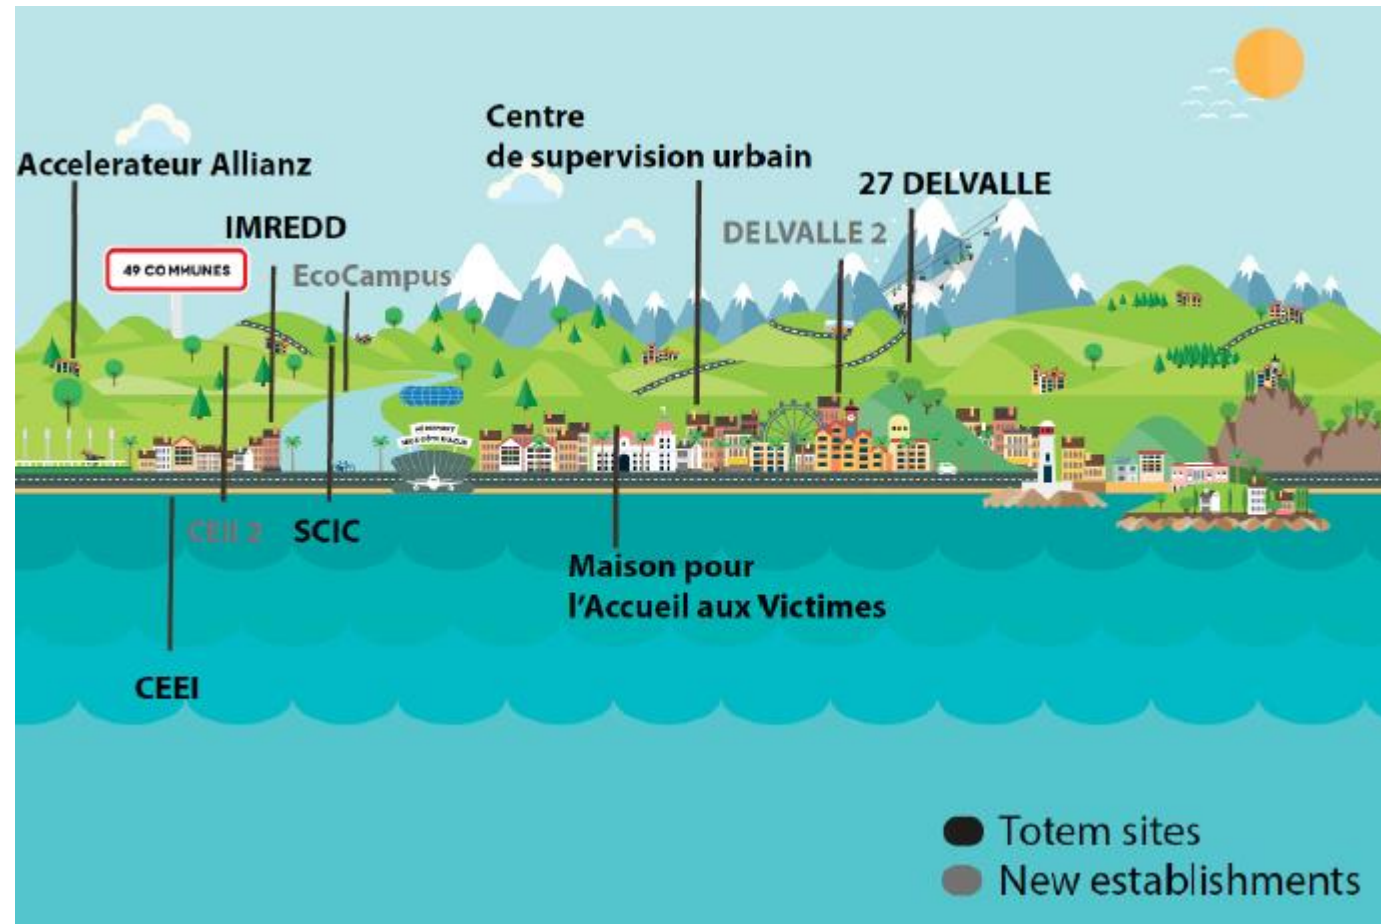

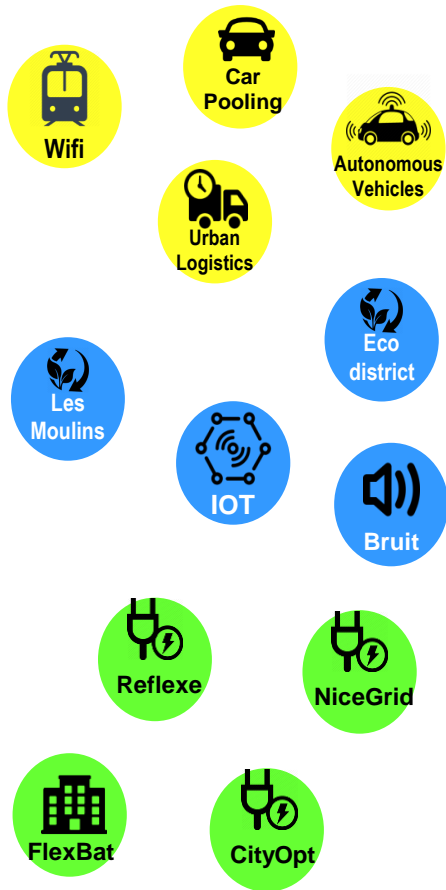

We have an ageing and vulnerable population

Helping the most vulnerable members of our society, preparing to meet Europe's challenges of tomorrow

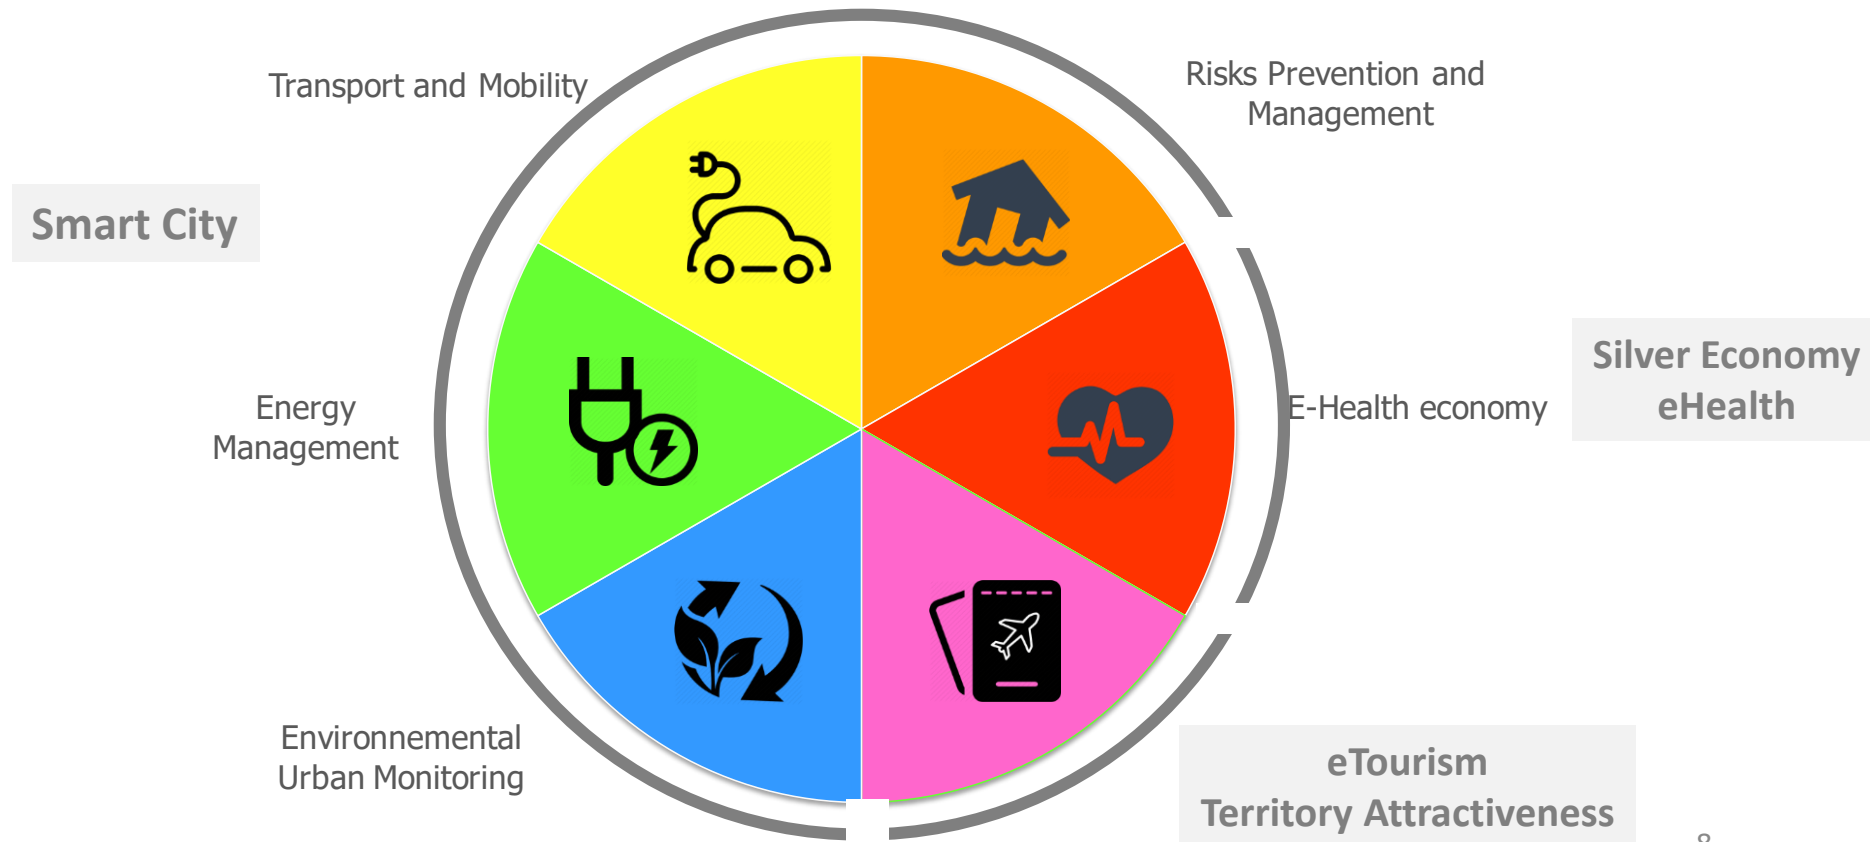

- With 29% of our population over 60, we represent the situation in France and Europe in 2030
- **A living lab approach where citizens can innovate and co-create in the fields of health and well-being**

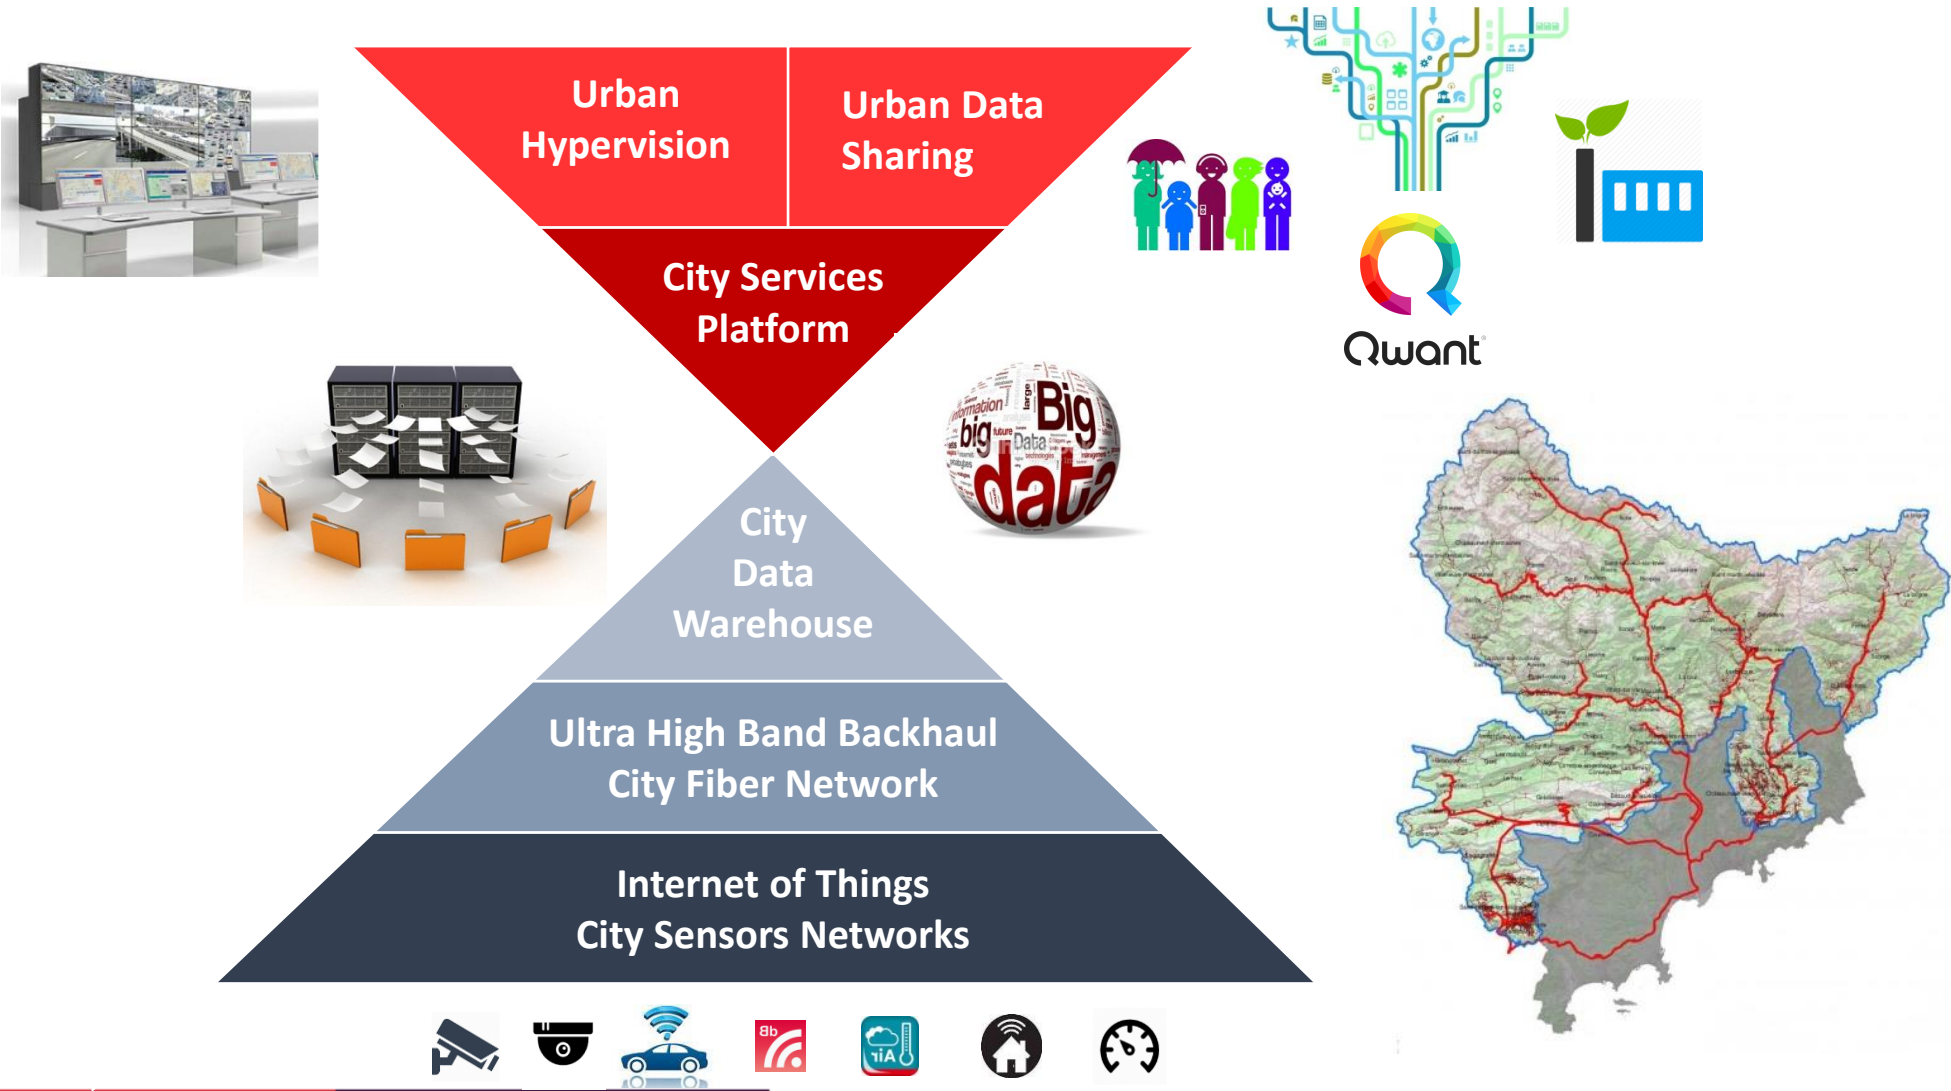

Turning challenges into assets: Nice Métropole testbeds

Our strategic application domains

We built and own our Smart City digital infrastructure

Our Smart City ecosystem: we work differently

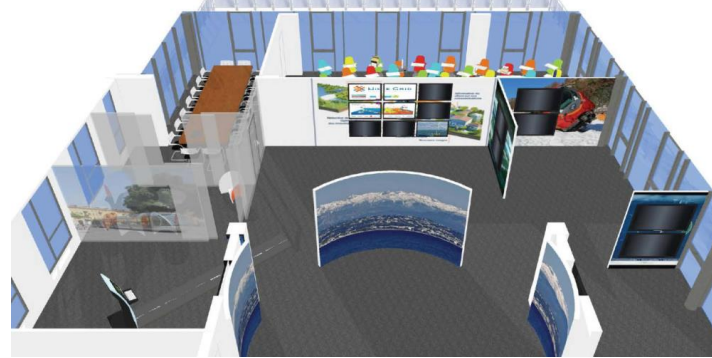

Citizens & visitors

Startups and SMEs

Smart City Innovation Center

Academic research

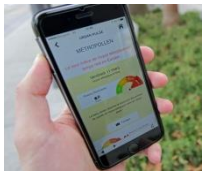

Large companies

Citizens at the heart of our innovation strategy: empowered and engaged

- Prevention, information & awareness
- Digital Education
- Training

Capacity Building 1

2 Empowering...in the governance of the Métropole

Civocracy

4 Co-creating value...actors and producers

3 Driving change...as participants to test solutions

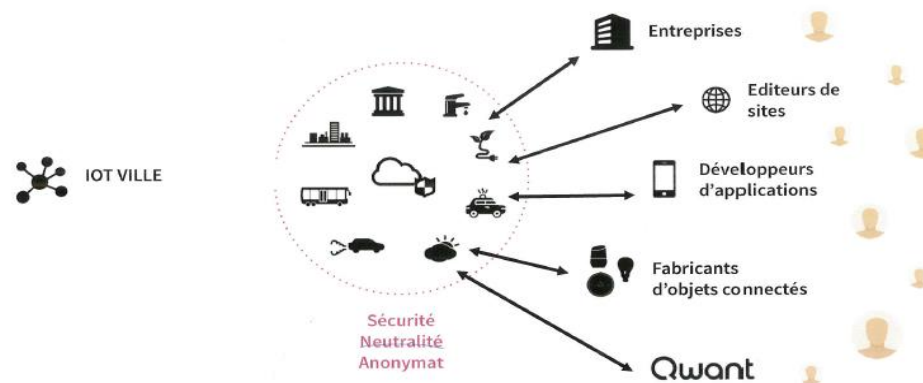

NICE SMART VALLEY

Entrepreneurs innovating for citizens' wellbeing

Nice Côte d'Azur producing European champions

Academics supporting co-creation with citizens and businesses

A territory opened to the world: ongoing twinnings

Ongoing eu-funded thematic collaboration with China
