- ✓ **Public and private interest in the countries to advance in the process of developing decentralized innovation policies.**
- ✓ **Smart regional specialization is a tool to accelerate the economic transition process.**
- ✓ **Common challenges but the need to implement differentiated policies and measures in each country.**
- ✓ **In any case, it is essential:**
 - ✓ **Develop and consolidate innovation systems at the regional level**
 - ✓ **Strengthen multilevel governance models**
 - ✓ **Increase considerably the investment in R + D + I (public and private)**
 - ✓ **To take conscience that the process of decentralizing R & D & I policies and their financing requires stability and perseverance to obtain results.**
- ✓ **Collaboration with the European Union and European regions accelerates the smart regional specialization process.**

Peru

1. **Bilateral cooperation program with the EU to strengthen the decentralization process**
2. **Support (PCM) to the progressive generalization of the creation of Regional Development Agendas and Regional Development Agencies**
3. **Support (INNOVATE) for the definition of Regional Innovation and Entrepreneurship Strategies**

Chile

1. **Program (SUBDERE) to strengthen the capacities of the GOREs to generate competencies in the definition and management of regional innovation and competitiveness policies**
2. **Definition by the Regional Governments of a new generation of Regional Strategies for Development and Smart Specialization in most Chilean regions**

- ✓ **Virtual realization of most of the processes**
- ✓ **Transform internships into virtual seminars for the exchange of experiences**
- ✓ **In collaboration with EURADA, development of a series of webinars where European regions have been explaining their experience in responding to the economic impact of COVID, both from the regional policy as a whole and by sectoral themes (food, tourism, automobile, textile, industries creative and orange economy)**
- ✓ **Regions from the first and second phases participated in these webinars, as well as those who had participated in the regional component of IUC-LAC**

- ✓ **IUC and Innoval generated contacts and areas of collaboration, but did not have the means to support the development of collaboration possibilities**
- ✓ **For this reason, the Innoval and IUC regions are interested in taking advantage of the relationships generated to propose network projects (or cluster) to participate in IURC - LAC**

THANK YOU VERY MUCH FOR YOUR ATTENTION
